

PROOFPOINT ESSENTIALS PACKAGES

Proofpoint Essentials protects your small business against the same attacks that target large organizations. Essentials is compatible with Microsoft Office 365, and it's available in three package levels. These are created to meet your specific business, feature, and budget requirements. And they ensure you get the solution that's right for your organization—whether it's a smaller enterprise or a channel partner.

ABOUT PROOFPOINT

Proofpoint, Inc. (NASDAQ:PFPT), a next-generation cybersecurity company, enables organizations to protect the way their people work today from advanced threats and compliance risks. Proofpoint helps cybersecurity professionals protect their users from the advanced attacks that target them (via email, mobile apps, and social media), protect the critical information people create, and equip their teams with the right intelligence and tools to respond quickly when things go wrong. Leading organizations of all sizes, including over 50 percent of the Fortune 100, rely on Proofpoint solutions, which are built for today's mobile and social-enabled IT environments and leverage both the power of the cloud and a big-data-driven analytics platform to combat modern advanced threats.
