

SAVE MONEY WITH SD-WAN

CUSTOMER LOYALTY PROMOTION

Aerohive's SD-WAN solution redefines small and midsize branch and remote office network economics, control, and performance, delivering an HQ user experience – regardless of location.

Powered by Cloud Networking, Aerohive's new XR200P provides new WAN capabilities including dynamic path optimization, user & app based traffic shaping, link state monitoring, and much more.

From 1st April through 30th June 2018, Aerohive is offering **significant savings** for BR100/BR200 to XR200P upgrades.

Speak to your Aerohive reseller for full details.

AEROHIVE NETWORKS' TERMS & CONDITIONS
