ACCORDING TO GARTNER PEER INSIGHTS™ - THE LEADING ENTERPRISE IT REVIEW PLATFORM, WHERE ALL REVIEWS ARE RIGOROUSLY VERIFIED BY GARTNER - PROOFPOINT ESSENTIALS IS RATED 4.3 STARS OUT OF 5!

GREAT PRICING

"Easy implementation, great and flexible features without breaking the bank".
CIO I Finance

"The pricing is straightforward and predictable. Technically, we've had great success in using the product for the spam filtering, encryption and archiving requirements of our customers".
President I Services

Proofpoint is an inexpensive security solution and deserves a look".
President I Services

FUNCTIONAL & EFFECTIVE

"The ability to protect from spam, phishing, virus, etc., prior to email even hitting our network is key".
IT Systems Administrator I Government

"I like that the package I purchased (Essentials Advanced), has URL rewriting, attachment-scanning and the interface is pretty easy".
Director of IT I Services

"Excellent solution for visibility into email protection. This product should be used in conjunction with other Proofpoint solutions to allow for good visibility and management".
IT Consultant I Services

EASY TO USE

"One thing I like about Proofpoint is that it's easy to use. All very simple and user friendly".
Network Administrator I Finance

"Both the deployment and ongoing management of the solution are painless".
IT Administrator I Manufacturing

"Very good product with an easy to use interface - clarity and effectiveness".
IT Specialist I Finance

OUTSTANDING SUPPORT

"By providing great support, Proofpoint make success inevitable… every single interaction with the company and their products has been positive".
Account Manager I Finance

"Proofpoint has provided a strong customer service presence during our implementations. We find their web portals are very well built and usable".
President I Services

"The installation and support teams are top notch. Very responsive and subject matter experts".
Director I Services
