

EXTREMECLOUD™ IQ PILOT OFFER

90 DAYS FREE

The #NewNormal needs a network that's anything but normal.

To support organizations who are establishing their new normal — including increasingly distributed networks that require greater control and data insights — Extreme is offering **15 months for the price of 12** on ExtremeCloud IQ Pilot subscriptions purchased between June 1st and August 31st, 2020.

Powered by the industry's only 4th generation cloud platform with unlimited data retention, ExtremeCloud IQ delivers ML-driven data analytics for user, device, and network 360 insights, centralized and unified orchestration of thousands of wired and wireless devices, and advanced health monitoring KPIs to keep highly distributed networks up and running.
