

Small Business 1+1 Switch / Access Point Promotion

Get a 1930 Switch and AP12 Access Point for just the price of the switch

Available until 31st July 2021

Here's a great way to introduce [Aruba Instant On access points](#) to your customers.

Sell the 1930 switch shown below and you can give your customer the Aruba Instant On AP12 at no extra cost. It opens up the opportunity to get your customer to try an Aruba Instant On access point **with the potential to upsell further units.**

| Promotion Name | Switch | Access Point |
|--------------------------|---|---------------------------------|
| 1+1 1930 24G (12) | JL684A AIO 1930 24G 4SFP + 370W Switch | R2X01A Aruba Instant On AP12 |

Egypt and Israel should use different specific SKUs. Please contact your local Aruba representative for details.

The Aruba Instant On 1930 switch series seamlessly integrates with existing Instant On indoor/outdoor access points and can be centrally managed with the Instant On mobile app onsite or remotely.

Our Aruba Instant On AP12 has simple features that keep business and guest traffic separate, as well as the ability to prioritize selected primary networks so your internet quality will not suffer.

Your customers can have full visibility into the apps running on their network along with the ability to block certain applications from being used, making it ideal for small business use. They also come with industry leading security that you can trust. Learn more at www.arubainstanton.com
