

Get Rewarded

Throughout 2021 with Tanium

Tanium and Exclusive Networks are delighted to announce two channel reward schemes that will be live until 31st January 2022.

Get rewarded with every deal registration

The first is for **approved Tanium deal registrations**. Tanium partners will receive **\$250** for every Tanium approved deal registration for net new logos, placed before 31st January 2022. This incentive is uncapped – **so the more you register the more you earn!**

Get rewarded with Try Tanium

The second is \$100 for every promotion and successful registration of an end user on Tanium's POV tool **Try Tanium**. This will be tracked by referral links.

Try Tanium is an opportunity for your end users to experience end point management and security built for the demands of highly distributed, complex and modern enterprise networks all for **FREE** for two weeks.

This tool will enable your end users to immerse themselves in Tanium and test out the full power of the system for two weeks.

How?

For more details on your unique Try Tanium referral link contact Denis Ferrand **DFerrand@exclusive-networks.com**. A TSM will be in touch regarding any deal reg's that are submitted to let you know that you have qualified.
