

FortiGuard SOC as a Service

Top Benefits

- Experience SOC 2 Type II network monitoring services without building your own or augmenting any existing
- Work alongside Fortinet's global SOC team for alert assessment and mitigation recommendations in minutes
- Realize quick solution adoption, time to value, and the full breadth of capabilities
- Attain strengthened security posture with fast and accurate 24x7x365 detection and recommendations using global experts and advanced automated SecOps technologies

Fortinet Managed SOCaaS

Take advantage of Fortinet's turn-key Security Operations Center as a service, SOCaaS. A simple FortiGate add-on offering that is designed to help you fast-track your SOC to prepare, maintain, and respond by providing continuous Cyber Awareness and Control of your Fortinet Security Fabric network.

The Benefits

Offload 24x7 Monitoring

- Offload monitoring your network to Fortinet's SOC 24x7
- Save time dealing with overwhelming alerts and false positives

Maximize Investments with Expert Insights

- Gain expert insights into log data and misconfigured security controls
- Receive real time incident alerting with response recommendations

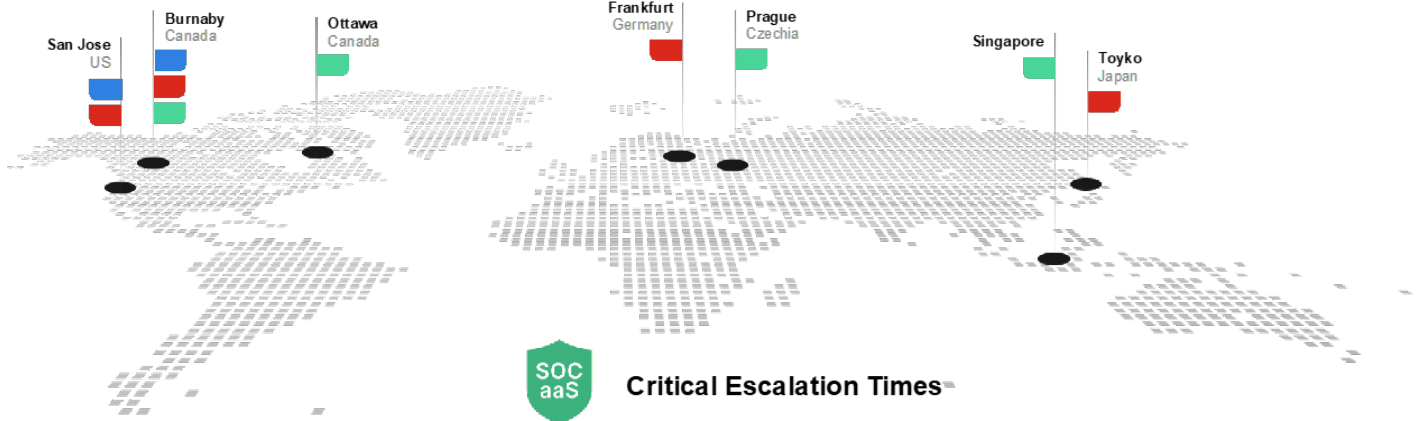

Simplify Operations

- Provide a turnkey solution with predictable cost for security operations
- Reduce operational complexity

Global Response Teams

- SOC
- Data Center
- Disaster Recover

99.99% Availability	24x7x365 Service Hours	Unlimited Log Capacity	FortiGate & Security Fabric logs Ingest Log Data	Fast & Simple Onboarding

Critical Escalation Times

- | | |
|----------------------------|----------------------------|
| P1, Priority 1: 15 minutes | P3, Priority 3: 90 minutes |
| P2, Priority 2: 45 minutes | P4, Priority 4: 6 hours |

Let Fortinet monitor and investigate FortiGate alerts and notifications 24x7, only notifying you when something is important and needs attention.

Fortinet security experts will notify teams in as little as 15 minutes and provide insights into what happened, why it happened, and what steps to take to remediate the incident.

SOCaaS includes a cloud-based portal with intuitive dashboards, on-demand reports, and quarterly meetings with Fortinet security experts which allows users to drill into incidents, report up the chain, improve their security posture, and reduce alert noise.

Benefits

Time Savings

- Supplement FortiGate log and alert monitoring and triage with Fortinet security experts
- Reduce employee burnout and recapture critical work cycles
- Complete 24 × 7 global coverage with live human experts

Prompt Action

- Escalate confirmed issues in as little as 15 minutes
- Receive step-by-step instruction on:
 - What occurred
 - Why it happened
 - Impact
 - Remediation
- Get live support for any questions

Maximized Investment

- Highlight areas of improvement and progress with fully customizable out-of-the-box reporting
- Join quarterly meetings with Fortinet to discuss events, hardening tips, and overall improvement

Ordering Information

Note that SOCaaS is a simple add-on to any FortiGate model — hardware or virtual. Logs may be forwarded directly to SOCaaS, but are typically forwarded from the attached FortiAnalyzer (cloud, virtual, or hardware).
