The Worlds Largest Interactive Training Library

Our large library includes a wide range of topics, including:

- OWASP Top 10 for Web
- OWASP Top 10 for API
- Front-end Top 5
- AWS Top 10
- Cloud & DevOps and more.

We are proud to provide over 300 interactive, bite-sized exercises in our application security training program.

We help developers write and ship secure code with confidence by providing:

Innovative Training Content

Proactively prevent security breaches from the start and reduce the risk of their code being compromised.

Exceptional Developer Experience

Empower your team with a flexible learning experience that adapts to their needs and schedules.

Unmatched Deployment Options

Choose the deployment option that best fits your organization's needs, or use our all-in-one AppSec suite.

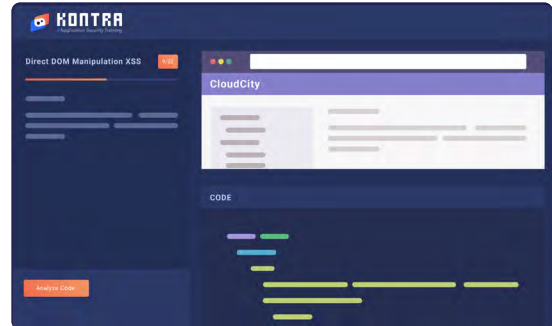

Innovative Training Content

- ✓ Hyper realistic industry scenarios
- ✓ Full attack lifecycle
- ✓ 35+ languages & frameworks
- ✓ Industry compliant training (OWASP TOP 10/HIPPA/PCI DSS/ISO27001/SOC2)

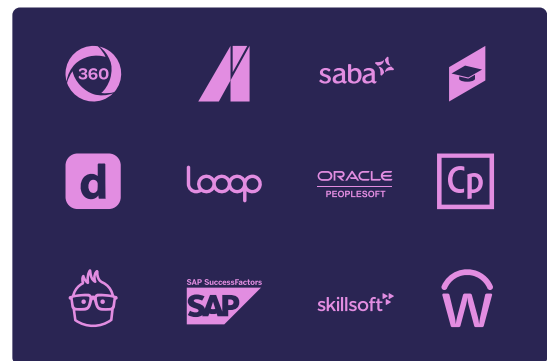

Exceptional Developer Experience

- ✓ 3-5 minute bite-sized sessions
- ✓ Interactive storytelling
- ✓ Monthly updates with new courses & lessons
- ✓ Visually stunning interface

Unmatched Deployment Options

- ✓ Cutting edge cloud base learning platform
 - SSO/SAML/AD Integration
 - API Endpoints
 - Full compliance reporting
- ✓ SCORM compliant content for your LMS
- ✓ Integrated into ThriveDX Security Awareness Training
