Palo Alto Networks Deployment Services

Our Palo Alto Networks Deployment Services allow you to rapidly scale your own services, covering end-to-end steps of the deployment lifecycle through an experienced team across over 150 countries.

These flexible services can augment your own team where local skills or local coverage are your challenge, or where you have multi-country, multi-site requirements that need to be delivered in short timescales.

With Exclusive Networks' Palo Alto Networks skills, scale, and specialisations, our global pool of resources helps to protect your reputation by delivering exceptional customer experiences, locally in country and across your global Palo Alto Networks Next-Generation Firewall and SD-WAN projects.

What We Deliver

Pre-staging

For faster deployment, Palo Alto Networks appliances may be pre-staged at an Exclusive Networks hub before shipment.

Project Management, Logistics & Compliance

Schedule of events orchestrated from a global project management office (PMO) operating PRINCE2 and Agile methodology to execute the service on time, on quality and on budget.

Installation

Onsite deployment for new or replacement Palo Alto Networks appliances, implemented to your end customer's design.

Onsite / Remote Configuration

Standard Palo Alto Networks appliance configuration upload or restore to provision the Palo Alto Networks appliance with the end customer's specific configuration.

Testing, Handover & Sign-off

Testing to ensure the deployed Palo Alto Networks appliances are installed in accordance with expectations, handover on deployment success, service sign-off, and customer satisfaction feedback collection.

Service Benefits

> **Follow an established deployment delivery methodology**

> **Delivered by our global Palo Alto Networks resource network covering multiple time zones**

> **Centralised management and quality assurance**

> **A human approach – personality and attitude, not just technical skills**

> **Full collaboration with your own project and deployment teams**

> **Remote and local delivery approach promotes sustainability by reducing the requirement for international travel**

> **Regular customer satisfaction feedback collected by our teams and reported to you**

> **Average Net Promoter Score (NPS) of 60+**
